

The Brain Injury Association

The Brain Injury Association is an advocacy organisation that provides information, support and education through our Liaison Service

Services Provided

- We offer support to people working with people with Brain Injury & offer support, information or assistance to obtain the appropriate professional help or service.
- We provide information and education to people with brain injury and their family/whanau so they can better understand the implications of the injury.
- We have support groups providing an informal opportunity to catch up and share good news, ideas, topics and concerns with others who understand.

Please contact us for these venues and times, or visit www.tiaho.org.nz/about/events_calendar

- We provide assistance and advocacy support in liaising with ACC, Ministry of Health, Ministry of Social Development, Work & Income and other government or associated agencies.
- We run Education Programs, thought provoking, powerful, upbeat programs for all ages and anyone wanting to know more about Brain Injury and its effects.
