

Northland Down Syndrome Support Group

The New Zealand Down Syndrome Association is a family/whanau driven organisation for people whose lives have been changed by Down Syndrome.

We provide support and information to the families/whanau that have a new baby born with Down syndrome. We visit the new families in the hospital or in their own home. We provide the parents with a New Parent Information

Services Provided

Pack and DVD produced by the NZDSA.

We also promote the participation of people with Down syndrome in their community.

We provide ongoing support and information, training to our existing families/extended family members and the educators of our children and adults.

With the family's permission we can link them to another family in their own area to provide them with extra support.

We run a support meeting every third Wednesday of the month at McDonald's Bank St.

Over a cupper we share:

- Up to date information on Down syndrome, what is happening in our area or nationally in regards to health & disability
- Plan and organise future social events, education, training and networking opportunities for our families
- We have the occasional guest speaker
- We lend a listening ear and provide support to new parents who come along.

For further information: please contact Kathryn Sadgrove on 09 434 6723 (leave a message) or email: ksadgrove@xtra.co.nz or Jo Morrison 021 8224 584.
