

Total mobility and COVID-19

Information sheet for Total Mobility card holders in Whangārei

From Tuesday, 14th of April 2020, Total Mobility will be fare-free for eligible users up to our maximum fare of \$60, while New Zealand is at COVID-19 pandemic response alert **levels 3 and 4, up until 30 June 2020.**

As a client, there is no change to your experience - you will still swipe your Total Mobility card at the start of each trip like normal. You won't be charged a fare at the end of the trip unless the fare has gone over the maximum of \$60, in which case you will need to pay the driver the balance.

For example: If the fare was \$70, \$60 of that will be covered and the remaining \$10 would need to be settled with the driver.

» Travel is only for essential workers or to reach essential services such as supermarket, pharmacy or medical appointments.

» You must show the driver your Total Mobility card at the start of your trip.
