# About the event

Tai Tokerau has the highest percentage of disabled people in New Zealand—23% of our population. The Getting Out There EXPO 2025 is your opportunity to be at the heart of the conversation, offering solutions, services, and support that make a real difference in people's lives.

This one-day event, hosted by Tiaho Trust, is where businesses, service providers, and community organisations can engage directly with disabled people, seniors, their whānau, and carers. By securing a stall, you're not just showcasing what you do—you're actively contributing to a more inclusive and accessible Northland.
